## Marrakech

MAJORELLE GARDEN, YVES SAINT LAURENT MUSEUM AND THE SOUKS OF THE MEDINA

Created by the French painter Jacques Majorelle in the 1920s and later restored by Yves Saint Laurent and Pierre Bergé, the garden offers a peaceful stroll through a remarkable collection of exotic plants, palms, cacti and bamboo. Its pools and shaded paths, heightened by the intensity of the famous Majorelle blue, create a setting that is at once artistic and restful.

After this cultural immersion, enjoy free time in the souks of the medina, a true labyrinth of alleyways full of life and colour. As you wander past the stalls, artisans and traders keep age-old crafts alive: hand-woven rugs, engraved lanterns, worked leather, ceramics, spices and Berber jewellery.
